Equal Opportunity and Accessibility Statement

APPROVED BY THE BOARD AND CO-FOUNDERS

EXTERNAL POLICY | EX-10 | VERSION 1.0

22 OCTOBER 2026

Equal Opportunity and Accessibility Statement

EXTERNAL / CORPORATE GOVERNANCE / VERSION 1.0

DOCUMENT CODE	EX-10
POLICY OWNER	People / Legal
STATUS	Approved — Board and both co-founders
REVIEW	At least annually and after material change

01 Purpose

Omniscient seeks to provide fair opportunities and accessible interactions across employment, recruitment, services and communication. This policy establishes minimum requirements and accountability for equal opportunity and accessibility statement across Omniscient Industries Limited ("Omniscient"). Its requirements apply proportionately to the activity, risk and applicable law. Implementation and compliance must be supported by appropriate operational evidence.

02 Application

This approved policy governs the stated public or third-party commitments. External publication must accurately reflect the company's relevant services and actual operating arrangements. Contractual and statutory requirements take priority; any customer-specific terms or product documentation continue to apply where relevant.

03 Policy requirements

3.1 Equal treatment

- Employment and business decisions should be made on objective criteria without unlawful discrimination, harassment or retaliation.
- Reasonable adjustments should be considered for disabled applicants, employees and service users in line with applicable obligations.
- Concerns should receive a fair, confidential and proportionate response.

3.2 Accessible information

- Design digital experiences with accessible navigation, legible content and suitable assistive-technology compatibility where feasible.
- Publish a specific website accessibility assessment and known limitations only after testing; do not claim WCAG conformance without evidence.
- Provide a clear channel to request alternative formats or report access barriers.

3.3 Employment practices

- Role specifications, advertising, selection criteria and development decisions should avoid unnecessary exclusionary requirements.
- Decisions involving automated tools require appropriate oversight and checks for unlawful bias.
- Confidential records about adjustments or health matters should be access restricted and retained appropriately.

3.4 Continuous review

- Review feedback and material barriers and assign corrective action owners.
- Measure progress only where information is collected lawfully and proportionately.
- Engagement with vendors and partners should reinforce nondiscrimination expectations.

04 Responsibility and escalation

The policy owner is People / Legal. The responsible executive sponsor must ensure that this policy is translated into working arrangements, that relevant teams understand their duties and that material concerns are considered without unnecessary delay. Business partners should use their nominated Omniscient contact to raise questions; serious suspected misconduct or safety and security risks should be escalated urgently.

05 Evidence, assurance and improvement

The owner should establish practical records, risk reviews, approvals and corrective actions needed to demonstrate application of this policy. Evidence should be proportionate to the risk, handled according to the information classification and retention policies, and reviewed after significant incidents or regulatory change. Do not state that a control, certification, audit or training programme has been completed without supporting evidence.

06 Review, exceptions and approval

This policy has been approved by the Board and both co-founders. Publication and implementation must remain accurate to actual company operations. Changes must be version controlled, and material updates communicated to affected audiences.

6.1 Publication or implementation condition

Accessibility conformance status must be verified prior to any public claim.
